Buying Organisation	GT Group
Website	www.gtgroup.co.uk
Opportunity Type	Other supply chain (private sector)
Nature of opportunity	Services
Estimated contract value (GBP)	E: GBP 51k to 100k
Description	<p>About the buyer: The GT Group is an international organisation with over 35 years of commitment to excellence in engineering design and manufacturing, exporting products and services to more than 60 countries throughout the world.</p> <p>GT Group retains its head office in the United Kingdom and consists of five interactive organisations; covering a diverse range of engineering activities including Automotive Products, Project Engineering and Fabrication, Seals and Mouldings, Process Controls and Powder Coatings. All divisions offer, independently and collectively, single source solutions and services to the following engineering industrial sectors.</p> <p>About the Opportunity: The GT Group is made up of five different companies all based in the north east. Each of our companies supply a large variety of products to companies based both in the UK and abroad. Therefore we require both carriage and freight services.</p> <p>We require the price per kg for 2 day and next day delivery from our sites in Peterlee, Consett and Newton Aycliffe. There would be collections on a daily basis throughout the group to and from national destinations.</p> <p>Also the freighting services we require include deliveries from international destinations.</p> <p>About the buyer's selection process: We require the company to provide competitive prices along with a prompt service and assurance that our products will arrive at their destination unharmed and on time.</p> <p>Once your interest has been submitted our purchasing team will review your company information and take it into consideration alongside other suppliers.</p> <p>The shortlisted companies will be contacted.</p> <p>Please note that we will not take any calls and if you try to contact us by any means other than by email it may jeopardise your bid.</p>
