

# North East tenders opportunities

**NORTH EAST CONTACT** MAGAZINE HAS TEAMED UP WITH NEWCASTLE-BASED TENDER INFORMATION SERVICES COMPANY, NIMIS, TO PROVIDE NECC MEMBERS WITH A SAMPLE SECTION OF THE AVAILABLE OPPORTUNITIES TO WIN BUSINESS WITH LOCAL PUBLIC SECTOR BODIES.

NIMIS provides a bespoke online service – TenderTap – in partnership with business support organisations, councils and universities which then provide registered users with continuous access to contract, quote and tender opportunities.

The opportunities are harvested by the TenderTap team who have links with local councils and other public sector bodies, to give

North East firms access to more opportunities. NECC launched its Buy North East campaign to highlight the benefits to the regional economy of greater local procurement.

Data shows that the regional economy would grow by £1.35bn and an extra 6,000 direct jobs if the public sector spent an additional 1% each year to 2016 contracting services from within the North East rather

than contracting outside the region.
